A Serious Runaway.

A little fourteen-year-old son of Theodore Robinson, vice-president of the Citizens' bank, met with a serious accident yesterday afternoon. He was driving a horse to a single carriage from his father's resi Gence. While driving down Twenty-fifth street the animal took fright from some cause. The boy made a desperate effort to stop him and succeeded in turning the corner of Washington avenue in safety, but when in front of Driver & Son's drug store the vehicle struck a wagon and the boy thrown violently against it. The little fellow was apparently injured quiet seriously, and was at once carried to the office of Dr. Reid where his wounds were examined. His scalp was fearfully cut, and it was necessary to take thirteen stitches to bring the lacerated parts together. He was badly bruised about the body and face, but his injuries were not considered of a serious nature. The little fellow was resting quite easy last evening.

City Council. For the fourth time this week, the city council met last night to wrestle with the street railway question. At each meeting an endeavor has been made to pass some an endeavor has been made to pass some ordinance that would protect the interests of the city and at the same time be agreeable to Jarvis & Conklin and the H. M. Beardsley company. Each member of the council seemed to offer opinions and amendments in the matter that would be to the best interests of the city. But at the last moment all the amendments were voted down. The council then adjourned until Monday evening.

To Expel the Germs of Malaria from the system is to employ a medicine that will purify and enrich the blood by strengthening the action of the digestive, accretory and assimilative organs. Quinine does not do this; nor does arsenic; nor either nor all of the many drugs and nostrums offered to "cure the Chilis." For the only effective treatment, which must be constitutional, you can find no medicine so good as Dr. David Kennedy's Favorite Remedy. It has been employed with unvarying success for thirty years by the eminent practitioner whose name it bears, in his private practice, until the demand for it became so great that he was compelled to put it up for the public. No stronger evidence of its effectiveness could be desired, than the certainty with which it cures those most obstinate complaints, disease of the Kidneys, for sale by Z. C. M. I. drug store.
